**The Planning and Zoning Commission's Preliminary Report**

## CITY OF JERSEY VILLAGE – PLANNING & ZONING COMMISSION PRELIMINARY REPORT – VENEER STANDARDS – DISTRICT G

The Planning and Zoning Commission has met in order to consider amendments to the Code of Ordinances at Chapter 14 Building and Development, Article IV. Zoning Districts, Division 2 Use Based Zoning Districts, Section 14-106 Regulations for District G (Second Business District) in order to modify the veneer standards.

After review and discussion, the Commissioners preliminarily propose that amendments be made to Chapter 14 Building and Development, Article IV. Zoning Districts, Division 2 Use Based Zoning Districts, Section 14-106 Regulations for District G (Second Business District) to revise Subsection (c) to modify the veneer standards as follows:

(c) Construction. The exterior walls on all buildings shall be masonry or concrete construction with masonry, exterior insulation finish system (EIFS), concrete **and** wood or metal fascia; ~~provided, however, that exterior insulation finish system (EIFS) or other approved synthetic exterior stucco products may be used for exterior walls where no wood, wood by-products or wood compounds are used for sheathing or structural elements and a qualified third party inspection agency inspects and certifies in writing to the city that the installation performed according to the manufacturer's installation instructions. EIFS must be installed at levels no less than 8' above grade or platforms. Plain CMU shall not be used for the exterior walls, however, split-face CMU is permissible.~~

This preliminary change to the City's comprehensive zoning ordinance is more specifically detailed in the proposed ordinance attached as Exhibit "A."

The next step in the process as required by Section 14-84(c)(2)(b) of the Jersey Village Code of Ordinances is for Council to call a joint public hearing with the Planning and Zoning Commission.

Respectfully submitted, this 8th day of November 2017.
